CONGREGATIONAL MEETING

There will be a very important con-
gregational meeting at the Central
Presbyterian Church at 10:45 Sunday
morning. The object is to call a pas-
tor and every member is urged to be
present.

Dr. Walter S. Chandler, who died at
his home in Mt. Olivet, mention of
which has been made, was a member
of Maysville Commandery No. 10
Knights Templar. The funeral will be
held at his late home at 10 o'clock this
morning after which the remains will
be brought to Maysville taken in charge
by the members of the Commandery
and escorted to the cemetery where
the interment will take place at two
o'clock this afternoon.

CARD PARTY A SUCCESS

The card party held by the Mason
County Woman's Club at their head-
quarters on Sutton street last evening
was largely attended and the ladies
realized quite a neat sum from the
evening's entertainment. This is the
second successful party of like char-
acter the ladies have held in their
club rooms.

City Treasurer H. C. Curran will de-
liver an address before the Baraca
Class Sunday. Mr. Curran is a force-
ful and attractive speaker and has a
message that should be heard by ev-
ery man in Maysville.

City Engineer W. L. Glazier of Cov-
ington, was a visitor in this city yes-
terday.

RAILROAD STRIKE QUESTION

Seems Very Much In Doubt—President
Makes Plea to Leaders of Both
Sides—C. & O. to Go
Out Sunday.

Things were very quiet around the
freight offices of the L. & N. and C. &
O. stations here yesterday on account
of the embargo put on all classes of
freight by the heads of these railroads.
The embargo orders were merely pre-
cautionary measures.

The employees of the C. & O. rail-
road will go out on Sunday night at 6
o'clock unless further orders are re-
ceived by the members of the brother-
hood. The L. & N. has not been in-
cluded in the general strike order but
will probably be included later, despite
the counter proposal made by Presi-
dent Smith of the railroad.

Mr. J. B. Russell of the M. C. Rus-
sell Co. yesterday received a telegram
from Cincinnati stating that on ac-
count of the high water boats would
not receive freight for shipment.

Many of the local employees of the
railroad seems to think that success-
ful arbitration will be made.

Four members of National Council of Defense Intercede in Rail Controversy

New York, March 17.—Three of the
mediators appointed by the National
Council of Defense in an attempt to
avert a general railroad strike were
still in conference with the chiefs of
the four railroad brotherhoods at
12:45 o'clock this morning. After that
time, more than two hours after the
meeting began, no word had come
from the room where the session was
being held.

Meanwhile the members of the Na-
tional Conference Committee of Rail-
road Managers were awaiting at the
Grand Central Terminal a summons to
join the conference. The committee
of managers, headed by Elisha Lee, its
chairman, was called into the confer-
ence room at 11:15 o'clock.

Secretaries Lane and Wilson and
Daniel Willard, the mediators, were
still in conference with the brother-
hood chiefs and the railroad managers
at 2:15 o'clock. Samuel Gompers, the
fourth member of the Council of Na-
tional Defense, named as a mediator,
had not arrived and no word has been
received from him as far as could be
learned.

No intimation had come from the
conference room as to the progress
of the deliberations, and there was no
indication that the meeting was near-
ing an end.

Secretary Lane sent word from the
conference room at 2:20 o'clock that
the brotherhood men had left but that
the mediators were still in conference
with the managers. He said no fur-
ther statement would be made to-
night.

President Makes Plea

Washington, March 16.—President
Wilson today called upon the railroad
managers and chiefs of the brother-
hoods as patriotic men to re-
open the question at issue between
them and prevent a general interrup-
tion of railway traffic "in this time of
national peril."

The President's message, an appeal
for adjustment of differences, and a
solemn protest against a strike, was
sent after he and the cabinet had ap-
proved a proposal of the Council of
National Defense that it send a com-
mittee to New York to undertake
mediation between the railroads and
their employees. At the same time
three of the four members of the com-
mittee, Secretaries Lane and Wilson,
and Daniel Willard, president of the
Baltimore & Ohio railroad, started for
New York to seek immediate confer-
ences with representatives of both
sides.

DENTAL INSPECTION OF SCHOOLS

On next Tuesday and Wednesday
mornings the annual dental inspection
of the public schools will be held. At
this time the following dentists will
offer their services to conduct the in-
spection: Dr. Edwin Matthews, F. P.
Lang, J. A. Dodson, G. M. Williams, D.
C. Franklin and J. W. Cartmell. The
authorities of the school realize that
the care of the teeth is a very im-
portant thing and that each student in
the schools should know the condition of
his or her teeth.

FAVOR EXTENSION BROOKSVILLE ROAD

The Mt. Olivet Tribune-Democrat
says: More talk is heard about a
railroad, the majority of our people
favoring the extension of the Brook-
sville road to Mt. Olivet. This can be
done, and it is foolish to spring a road
to the coal fields. Once connected
with the road at Brooksville and we
will be enabled to get everything we
need—coal, lumber, merchandise, etc.

The Aid Society of the Christian
Church will meet Monday afternoon at
2 o'clock with Mrs. Joseph Perrie of
118 East Third street.

Lest You Forget

"I've TOLLED and tolled a million times,"
Said the church bell, with a sigh;
"And tho' I'm now a century old,
Of all the times that I have tolled,
I never tolled a lie."

Just a gentle reminder of that promise you made to attend Baraca
Class.

Sunday morning when you hear the church bell, phone bell or door bell
ring, DON'T LIE—in bed—but wake up—get up—dress up—call up—your
partner, friends, neighbors—round them up—and wind up—by making your-
self a Baraca Captain, marshal your forces and head them towards Baraca
Class.

This will be the "overt act" in BOOSTING MAYSVILLE.

LITTLE CHANGE IN RIVER

But It Is Thought to Be Falling This
Morning Very Slowly—Rains of
Yesterday Will Cause No
Change in Stage.

The river gauge at the foot of Mar-
ket street this morning shows a stage
of 53.3 feet. A gauge of 53.4 was re-
corded last evening, which shows that
the Ohio is dropping but very little,
although on the decline.

The river is very rough this morn-
ing and accurate markings can not be
made of the stage. Capt. Phister said
that for this reason he could not state
that the river was falling.

The rains of yesterday afternoon
and last night will probably have no
effect on the stage of the river further
than to retard its dropping. The resi-
dents of the 1913 flood zone were
scared up considerably when the rain
began to fall but its cessation allay-
ed their fears.

The river is falling rapidly at all
points above.

DILATORY DEMOCRACY

The unprecedented jam of legislation at the close of the recent session of Congress was in no sense produced by Republicans in either branch. It was the result of the legislative tactics of the Democrats who, with absolute command of the situation at both ends of the Capitol, have delayed the framing of highly important bills until the last minute and who hoped to spring the vicious revenue bill of this year at a period in the Congressional calendar which would permit the measure to be jammed through without a debate searching enough to reveal its iniquities. The revenue bill should have been decided upon three months ago. Its main lines should have been explained and the co-operation of both parties should have been secured in drawing and passing an act so essential to the country's welfare. Instead of any open and above-board policy like this, Claude Kitchin drew the bill in company with his Southern colleagues and then boasted that the North would have to pay the taxes which had been imposed. Under a gag rule the bill was forced through the House; and in the Senate it was taken in hand by a few Democrats who met behind closed doors and who refused to let any Republican know what was being done. Ten days before the session was to close, when the calendar was clogged with all sorts of legislation—appropriation bills, spy bills, preparedness measures, the railroad bills, and what-not—the Democrats undertook to prevent reasonable discussion of a bill which laid hundreds of millions of new taxes and which permitted the expenditure of those millions in the loosest possible way. The Republicans rebelled. They represent the people who will have to pay. They were right in rebelling. But their rebellion was not much against the high-handed manner in which Southern Democrats shoulder off the burden of government support upon Northern Republicans as against the slipshod dilatoriness which marks Democratic conduct of public business.

COMMISSION AND OMISSION

Failure of the Interstate Commerce Commission to act promptly and effectively in devising of relieving the car shortage due to freight congestion, has not only destroyed much of the prestige of that body but has shaken confidence in commissions as the ultimate solution of every problem. We have been drifting very rapidly, of late, into the notion that when any perplexing difficulty is presented the best thing to do is create a commission with authority to deal with the situation as its discretion may direct. We have gone almost commission mad. The inability of the Commerce Commission to take steps that would unload and move the idle cars demonstrates the need of laws which shall clearly fix the responsibility of persons who fail to load or unload cars within a reasonable time, and also of transportation companies which fail to furnish cars for shippers within a reasonable time. As a matter of fact, the most important improvements in transportation in recent years have been accomplished either by the railroads themselves or by act of Congress. We must look to Congress and not to the Commerce Commission for the reforms of the future.

NON-PARTISAN IN NAME ONLY

Observant people do not overlook the fact that all this balderdash about a "coalition" for the organization of Congress, and of non-partisanship through the election of Champ Clark again as Speaker, and of other things designed to "show Europe that we are united" all have one end—strengthening the hand of the Democratic party. It is all very well to talk loudly about the folly of permitting a "handful of independents" to dictate, but the truth is that if this handful should show an inclination to "dictate" for the benefit of the Democrats there would be no outcry for non-partisanship. This is an old game with Democrats. Mr. Wilson himself has not been above it in times past, is not above it now, indeed. He has appealed frequently to the independents on the ground of non-partisanship—but to the independents violently partisan President than he.

The high cost of living has recently produced some serious food riots in New York City, where the women of the tenement house district assailed the push-cart men and the corner grocer because of their prices. These unlettered females have evidently not read the Baltimore platform, the resounding promises of which have been written into law—but not yet made applicable to realities.

CZAR OF RUSSIA ABDICATES

Petrograd, March 15—The Emperor of Russia has abdicated and Grand Duke Michael Alexandrovitch, his younger brother, has been named as regent. The Russia ministry, charged with corporation and incompetency, has been swept out of office. One minister, Alexander Protopopoff, head of the interior department, is reported to have been killed and the other ministers as well as the president of the imperial council, are under arrest.

A new national cabinet is announced, with Prince Lvoff as president of the council and premier and he other offices held by the men who are close to the Russian people.

For several days Petrograd has been the scene of one of the most remarkable uprisings in history. Beginning with minor food riots and labor strikes, the cry for food reached the hearts of the soldiers and one by one the regiments rebelled, until finally those troops that have for a time stood loyal to the government, took up their arms and marched into the ranks of the revolutionists.

Emperor Hurries From Front

The president of the Duma, Michael V. Rodzianko, was the leading figure among the deputies who unanimously decided to oppose the imperial order for a dissolution of the house. They continued their sessions and M. Rodzianko informed the emperor, then at the front, that the house had struck when the will of the people must prevail. Even the imperial council realized the gravity of the situation and added its appeal to that of the Duma that the Emperor should take steps to give the people a policy and government in accordance with their desires and in order that there should be no interference with carrying on the war to a victorious ending.

The Emperor hastened back from the front only to find that the revolution had been successful and that a new government was in control. The Empress, who, it is alleged, has been influential in the councils opposed to the wishes of the people, is reported to have been placed under guard.

Troops Go to People

At first it seemed a miracle that the revolutionist, without pre-arranged plan, without leadership or organization, could, in such a short time with comparative ease achieve a complete victory over the government. But the explanation is made in the reluctance of the troops to take sides against the people and their prompt desertion to the ranks of those who opposed the government.

AUTOCRACY FALLS BEFORE ANTI-GERMAN SENTIMENT

Washington, March 15—The overthrow of the Russian autocracy was accepted in all figures here as a complete victory for the anti-German sentiment in the empire, removing virtually all chance of Russia being drawn away from here lilies into separate peace.

The sensation created by the news of the successful revolution in turning out of the ministry and the arrest of pro-Germans was followed by another more profound when press dispatches announced the abdication of Emperor Nicholas.

It had been assumed that in spite of the belief that the Emperor, influenced by his German wife and pro-Teutonic advisers, was lukewarm or worse in support of his allies, he would be permitted to continue nominally as the head of the new government.

The overthrow of the government by the Duma is interpreted here as the culmination of efforts made throughout the war to rid the country of the German influence.

During the war ministries have risen and fallen much as the military situation showed the pendulum for or against the German faction. With each swing it has appeared as though the anti-German forces were gaining the ascendancy.

Bitterness at the military disaster, dissatisfaction at the general management of the war, food shortage that in places had become critical and the ever-present struggle between classes and between pro and anti-Germans have kept the empire in a continual seething. Only the meagerest reports have been allowed to escape the censor so that the world has been dependent for much of its Russian news on German sources, which naturally have interpreted events to their own advantage.

DAM No. 32 AT ROME

(Manchester Signal)

Ohio River Dam No. 32 is to be located at Rome, this country, according to a report of the Ohio River Board of U. S. Engineers. This government operation will be one of special interest, nearly completing the system maintaining a perfect 9 foot river stage between Pittsburgh and Cincinnati. Dam 31 is located three miles below Portsmouth and with favorable conditions will be completed this year, while Dam No. 33 is located three miles above Maysville and will require two or three years to complete.

CONTRACTS LET FOR 10 CRUISERS

Washington, March 15—Contracts for what is believed to be the largest single order for fighting craft ever given by any nation were placed today by the Navy Department. Private builders undertook to turn out four great battle cruisers and six scout cruisers, costing nearly \$112,000,000 for hulls and machinery alone, and pledged themselves to keep 70 per cent of the working forces on daily construction.

In response to an appeal to their patriotism by Secretary Daniels, the major ship builders have agreed to accept 10 per cent net profit on the battle cruisers, whose cost will represent about \$6,000,000 of the total sum involved in today's contract. A fifth battle cruiser will be built at the Philadelphia navy yard, so as not to strain the limit of facilities of private establishments.

Merchant Work Sacrificed

The builders are besieged with offers of merchant work, and are getting as high as 50 per cent profit on these jobs with more work in sight than they can do. They have placed their facilities at the disposal of the government, making it unnecessary for the President to consider employing authority to commandeer plants.

Both classes of cruisers ordered today are new types to naval architecture, and are designed for a speed of thirty-five knots an hour.

The scouts were awarded on bids submitted yesterday, prices ranging from \$5,950,000 to \$5,996,000 and stipulated time of delivery from thirty to thirty-two months. These figures can be no guide to the actual cost of time, however, as under the emergency laws of the Naval Appropriation bill, construction will be hastened to the limit, the government footing the bill for additional cost.

DANIELS SEEKS COOPERATION OF EDITORS OF BIG PAPERS

Washington, March 15—Secretary Daniels is considering the advisability of seeking the personal co-operation of press association officials and managing editors of leading newspapers in his effort to prevent publication of military information relating to the arming and sailing of American merchant craft. A conference with the New York editors, including possibly those of Philadelphia, Baltimore and Boston, may be arranged for Saturday.

DECISION TO SELL ENTIRE CANADIAN WHEAT CROP TO GREAT BRITAIN IS REACHED BY COUNCIL OF AGRICULTURE

Ottawa, March 15—The Government has received word that the Canadian Council of Agriculture, meeting at Regina, has decided that the whole wheat crop of Canada shall be taken for the British Government.

The price to be paid, it was decided, should be, for No. 1 Northern at Winnipeg, a minimum of \$1.50 and a maximum of \$1.90 a bushel.

An optional suggestion is \$1.70 flat at Ft. William for grades from No. 1 Northern down, to be valued according to milling tests. The British offer was \$1.30 at Ft. William.

It is understood that the Dominion Government will handle the business, buying from the farmers and insuring transportation to seaboard.

Australia's wheat crop was purchased last year by Great Britain, but the shorter voyage from Canada to England is understood to have prompted the British authorities to buy in Canada this year instead of in Australia.

PEARY WARNS AGAINST HOSTILE AIRPLANES

Baltimore, Md., March 13—Rear Admiral Peary, in an address here today at a preparedness meeting for children, declared that the United States must spend energy, brains and money generously on its defense for it would find with war on its hands a host of airplanes sailing over its seaboard cities dropping bombs.

He said that in a few months, three ships entered Hampton Roads, without any hint being given of their coming. The Appam, smallest of three, he says, could easily have housed a squadron of airplanes and each airplane could easily have carried 1,000 pounds of explosives.

He says the vital need at present is a dependable coast system from Eastport to Brownsville and from San Diego to Cape Flattery.

A new book on tobacco growing, handsomely illustrated with pictures of growing crops, and describing in detail many methods of growing this important crop and protecting it from insect and other injury, has been issued by The American Agricultural Chemical Company, Cincinnati, Ohio, who will send a copy free to any tobacco grower. The book contains 48 pages, is finely printed and well worth reading. Just drop them a card, ask for the book, and mention this paper.

TREATY VOTE DELAYED AS DEBATE CONTINUES

Washington, March 15—The Senate talked for three hours today behind closed doors about the Colombian treaty without reaching a vote. Several senators are expected to speak tomorrow and after they have concluded there may be an agreement for action Saturday.

Chairman Stone and Senators McCumber and Fall, of the Foreign Relations Committee, debated the treaty today. They followed closely the lines set out on the majority and minority reports on the treaty. Senator Stone said ratification was essential because of the international situation. Senator McCumber declared the proposed \$25,000,000 payment was blackmail, and that if the United States bought Colombia's friendship in this case, it might have to buy some other nation's friendship in the future.

Senator Fall argued for an open session on the treaty, but a motion by Senator Borah to open the doors was defeated by a large majority.

ANCIENT CAPITAL REJOICES AT FALL OF GOVERNMENT

London, March 15—"Moscow, the ancient capital of Russia, resounds with popular rejoicing over the overthrow of the government," says Reuters Moscow correspondent. "The officers have rallied to the new national government and a military committee has been formed to preserve order and regulate food supplies. The committee is backed by a brigade of artillery, five regiments of infantry and the armed militia."

JUDGE FOR YOURSELF

Which is Better—Try an Experiment or Profit by a Maysville Citizen's Experience.

Something new is an experiment. Must be proved to be as representative.

The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now supposing you had a bad back, a lame, weak, or aching one, Would you experiment on it? You will read of many so-called cures.

Endorsed by strangers from far-away places. It's different when the endorsement comes from home.

Easy to prove local testimony. Read this Maysville case:

Ben. P. Fleming, constable of Mason Co., 217 E. Lee St., Maysville, says: "I have used Doan's Kidney Pills off and on for several years, getting them at Wood & Son's Drug Store, and they have been of great benefit. At times, my kidneys have been out of order and I have suffered from a dull, conchache through the small of my back. The kidney secretions have been irregular in passage, too. A box or so of Doan's Kidney Pills have never failed to relieve me of the complaint in a short time."

Mr. Fleming is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Fleming had—the remedy backed by home testimony. 50c all stores.
